

6th Trier Summer School of Psychobiology 2007

“Frontiers in Psychobiology and Stress Research”

24.09. – 26.09.2007

GRK 1389/1 supported by

Speakers and Tentative Topics

Anthony Dickinson, Department of Experimental Psychology, University of Cambridge, Cambridge, United Kingdom
“Primary consciousness as a hedonic interface”

Terry Blumenthal, Department of Psychology, Wake Forest University, Winston-Salem, North Carolina, USA
“A World of Startle”

Stephan Debener, MRC Institute of Hearing Research, Royal South Hants Hospital, Southampton Hants, United Kingdom
“Integration of EEG and fMRI”

Jan Born, Institute for Neuroendocrinology, University of Lübeck, Lübeck, Germany
“Sleep and Consolidation”

Onno Meijer, Division of Medical Pharmacology, Leiden University, Leiden, The Netherlands
“Stress, Glucocorticoids and plasticity: which genes should we consider interesting”

Outline

The Summer School will include:

- Presentations of highly respected scientists, covering their latest results.
- Working groups under the supervision of the speakers, which allow PhD-Students to discuss scientific problems and develop new ideas, resulting in an interactive and educational atmosphere.
- Social events.

Sept. 24		25		26	
9:00 am - 12:30 pm	Dickinson	8:30 am - 1:00 pm	Blumenthal	8:30 am - 1:00 pm	Born
Lunchbreak					
2:00 - 4:00 pm	Dickinson	2:30 - 7:00 pm	Meijer	2:30 - 7:00 pm	Debener
4:30 pm	surprise lecture				
6:00 pm	Social Event			7:00 pm	Fare well

Information for Participants

- The 6th Trier Summer School of Psychobiology is open to Ph.D. students, M.D. students and Postdocs. There is no conference fee, but registration is mandatory.
- The number of participants is limited. Please register a.s.a.p. - not later than **September, 2nd 2007**.
- Only registration by e-mail will be accepted. Application forms can be received by writing an e-mail to:
tsopb@uni-trier.de
- You will receive a confirmation of your registration, detailed information on the Summer School, as well as preparatory materials by beginning of September.
- The Summer School will be held in English.

Date & Location

The Summer School will be held from Monday, September 24th 2007, until Wednesday, September 26th 2007 in Trier, Germany (www.trier.de). In the evening of September 23rd, at 7:00 pm, there will be a social get together.

Trier is Germany's oldest city with many historical sights, located near France and Luxemburg. It provides the possibility for a variety of activities and sightseeing.

Organization Team & Contact

Organizing Institution:

At the recently founded Graduate School for Psychobiology at the University of Trier, scientists with different backgrounds (biology, psychology, medicine, neurosciences) are collaborating in the field of stress research and psychobiology.

Head of Division:

Prof. Dr. Hartmut Schächinger
Division of Clinical Physiology
University of Trier, Germany

Local Organizers:

Division of Clinical Physiology
University of Trier
Johanniterufer 15
54290 Trier, Germany
